AQUARIUS

Trusted since 1997

We Are Aquarius:

Aquarius Engineers is a leading Indian construction equipment company established in 1997.

We take pride in designing and delivering Stationary Concrete Pumps, Truck Mounted Boom Pumps, Concrete Batching Plants and accessories, that meet international quality standards, to Indian and international customers. Our wide range of products are designed using state-of-the-art technologies relevant to the needs of the markets we cater to.

Driven by a clear vision to be the most trusted knowledge and equipment source in the field of concrete production, conveying and placement, Aquarius has grown every year for more than 2 decades. With the same zest and commitment, we pledge to keep improving our products & services to our existing and new customers.

All our machines are designed, produced and validated at our state-of-the-art technology centers at Pune and Goa

Pune Plant

Goa Plant

Works:

Plant I

190, 191 Kundaim Industrial Estate, Kundaim, Goa – 403 115

Plant II

S. No. 480, 481, 482 Ambadwet, Tal. Mulshi, Dist. Pune – 412 111

WAREHOUSE

S. No. 480, 481, 482 Ambadwet, Tal. Mulshi, Dist. Pune – 412 111

About us :

We have State-of-art manufacturing plants at Pune and Goa spread out over 14,000 sq.m. and 40,000 sq.m. of land respectively, focused on manufacturing advanced technology, robust construction equipment, that meet stringent national & international quality standards. Aquarius operates on an all India canvas with regional sales & service offices spread across the country. Aquarius is proud to offer an excellent round-the clock after-sales service and spare part support to our domestic and international customers. Knowledge and safety is a focus area at Aquarius and we offer monthly operator training programs to ensure maximum benefit to customer by ensuring operator and best machine performance at site.

The Management System is Certified by

ISO 9001: 2015	Quality Management System
ISO 14001: 2015	Environment Management System
ISO 45001: 2018	Occupational Health and Safety Management System

The Management System at Pune Factory and Corporate Office is also certified by ISO 9001: 2015

AQUARIUS products also have the following certifications:

CE Certification

SONCAP Certification

AUTHORIZED ECONOMICS OPERATOR-TI CERTIFICATE

Certificate of Recognition ONE STAR EXPORT HOUSE

Products:

- **STATIONARY CONCRETE PUMPS**
 - HIGH PERFORMING SERIES
 - HIGH PRESSURE SERIES
 - ELECTRIC SERIES (VIDYUT)
- **MOBILE LINE PUMPS**
 - **TRUCK MOUNTED BOOM PUMPS**
- **BATCHING PLANTS**
 - COMPACT BATCHING PLANTS
 - COMPARTMENT BIN PLANTS
 - SUPER MOBILE BATCHING PLANTS
 - INLINE BIN PLANTS (SKIP SERIES, CONVEYOR BELT SERIES)
- **STATIONARY BOOM PLACERS**
 - **CONCRETE WASH**

Our Mission:

To bring state-of-the-art technology products, services and expertise to the industry we serve, with a focus on delivering complete and reliable solutions to our customers, with the intention of adding value to their businesses and becoming their long-term partners.

Our Vision:

To be the most trusted knowledge and equipment source in the field of concrete production, conveying and placement in India. To continually invest in better technology, set-ups and engineering, to adopt, upgrade and deliver better solutions to our customers.

Our Values:

Integrity: We will be among the most trusted companies in our area of business. We will be honest, transparent and ethical in our conduct.

Passion for Excellence: Our products and services will aim at harnessing the latest relevant technologies and the highest standards of quality in our area of business, with due consideration to our safety and environmental responsibilities. We will value and promote meritocracy.

Reliability: We will focus on delivering complete and reliable solutions to our customers, with the intention of adding value to their businesses and becoming their long-term partners.

Customer Focus: Our customers are the reason for our success. We commit to listen and respond positively to their needs.

Adaptability: We are open to change and welcome new ideas from our employees, customers and others. We will explore new ways to continually grow our business through teamwork and collaboration.

TRUCK MOUNTED BOOM PUMP (VIDYUT SERIES)

37 ZX

Boom Pumps

Scan for online catalogue

SALIENT FEATURES

● Applications

- The vidyut series Boom Pump is completely powered by three phase site power for concrete pumping and boom actuation operations
- Machines can be used various settings such as precast casting yards, cement factory sites, aluminum factory sites and various other infra project sites where three phase power is available

● Robust Electric Powertrain

- World's only pure electrical Truck Mounted Concrete Boom Pump—Patent Applied 2024
- The machine uses site three phase mains to power a set of induction motors that drive the hydraulic circuits and operate the machine
- Induction motors are low maintenance, industry recognized and higher efficiency in comparison with diesel engines.
- Enhanced service life due to electric motor
- Enhanced power transmission efficiency due to direct drive

● Fuel-free Operations

- The machine is completely fuel-free for concreting operations
- Zero risk of down time due to fuel shortage or fuel theft

● Flexibility at Site

- Machine comes with a cable reeling drum and 30m of electric cable allowing easy machine relocation on-site
- Reduced erection & commissioning time

● Safe Operations

- Electrical system designed for safety
Electrical and hydraulic interlocks for operator safety
- Centralized diagnostic panel for troubleshooting

● Centralized Oil Lubrication System:

- For selected points & also easy access, manual grease lubrication system to all points

● State-of-the-art Materials

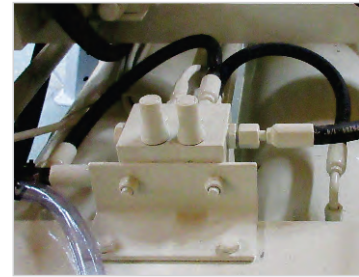

- High strength alloy steel gives maximum strength & performance and minimum weight of the structure

● Robust Open Loop Control System

- Hydraulic system with proven track record in stationary concrete pumps

● Hydraulic Control Block

- Two-handed control of outriggers ensures safe operation

● XEED one side support

- XEED control system allows boom to be operated safely in tight spaces with partial opening of outriggers
- Standard with machine

● Diagnostic Display – Optional

- Diagnostic display on control panel allows to operator to have a complete view of critical machine parameters
- One stop diagnosis station for operator tracking of output per unit (m³/unit) available

● Remote Control

- Cable remote as standard with all machines
- State-of-the-art ergonomic & lightweight cable remote control available on request

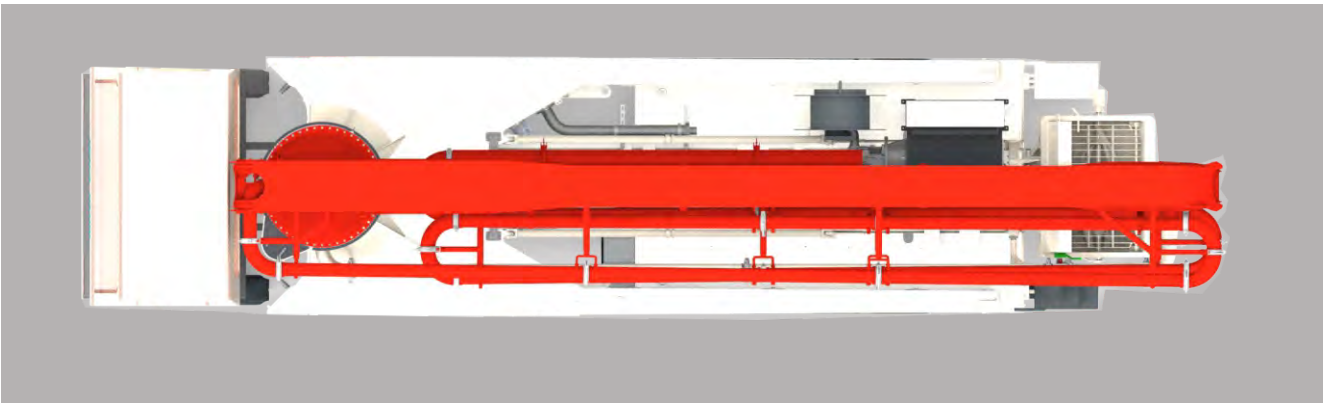

● IoT-Optional

- Interactive real-time dashboards of critical machine parameters available, compatible with all mobile devices

● Cable Drum-Optional

- Feasibility of operating away from a power source with the provision of a 30-meter cable mounted on a drum

FLEXIBLE BOOMS

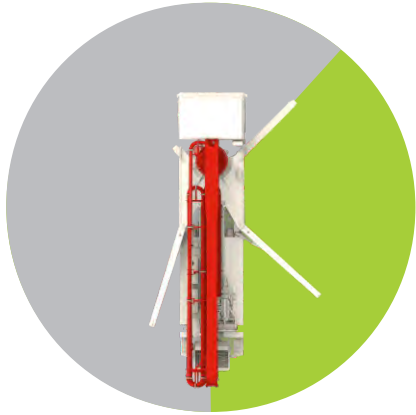

SALIENT FEATURES

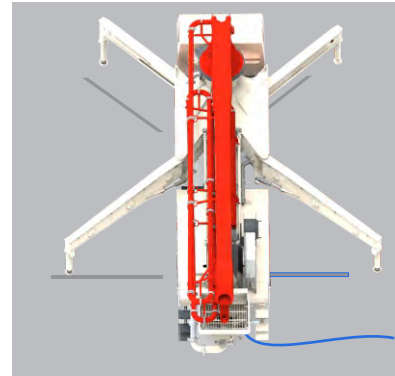

- The 'Z' fold boom design facilitates access to tight corners.
- Minimal boom bounce is achieved through the synergy between the boom control valve and the load-holding valve.
- The standard 90° bend in the pipeline helps reduce the intensity.

XEED one side support

The **XEED** System offers additional outrigger combinations allowing safe operation of the boom pump in tight site spaces!

37 ZX
40 ZX
OUTRIGGERS

SALIENT FEATURES

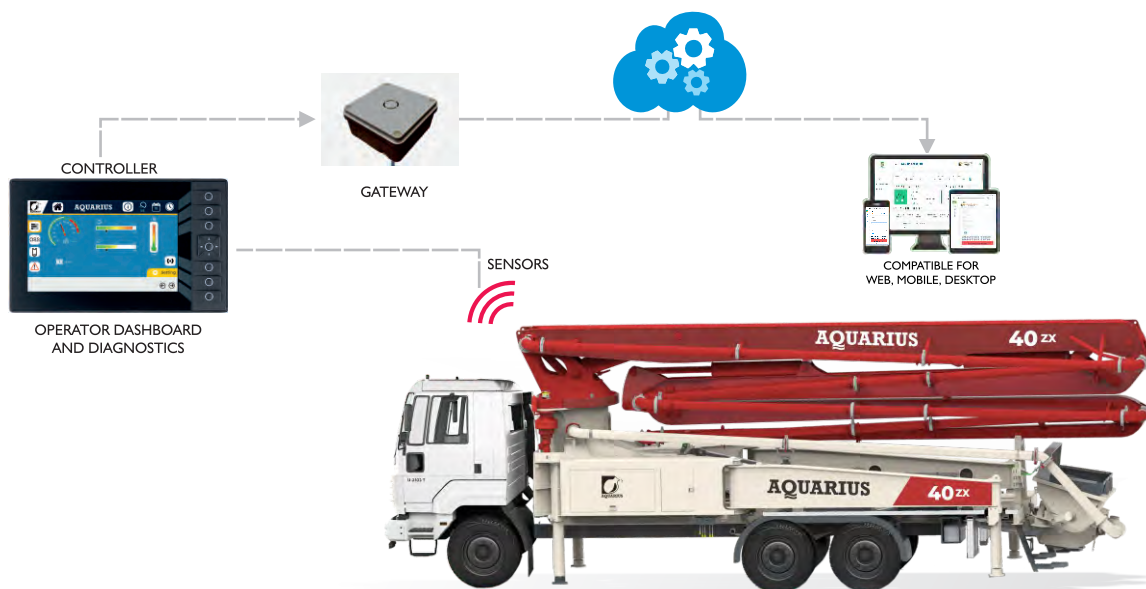

- “X” Outriggers provides the best stability for the machine during its operation
- with OSS the boom pump can be operated while supported on one side, providing a good working range of 135° accessible area

Complete Diagnostics

The **Diagnostic Display** is a single user-friendly portal to the operator to view the entire operations of the machine. It helps in fault finding and quick resolution of problems.

IoT-Remote data monitoring

Machine owners can access critical machine operation data and alarms remotely on their wireless devices and be in control of site operations. Fuel and GPS tracking is a valuable addition.

DATA SHEET

BOOM

Parameters	Unit	37.09 ZX
Arms	nos	4
Boom Folding		Z
Chassis Allowable GW	kg	28000
Horizontal Reach (max.)	m	31.82
Vertical Reach (max.)	m	36.75
Reach Depth	m	23.7
Unfolding Height	m	8.4
Slewing Range	Deg.	365°
Delivery Line Diameter	mm	125
Length of End Hose (dn 125)	m	4
Max. Hydraulic Pressure	Bar	360
Electrical System	V	24
Power Drive Electric Motor	kW	90 (Concrete pump)
Power Drive Electric Motor	kW	18.5 (Boom Operation)

*New regulation for two axle chassis (6X4) the GW is specified as 28000kg

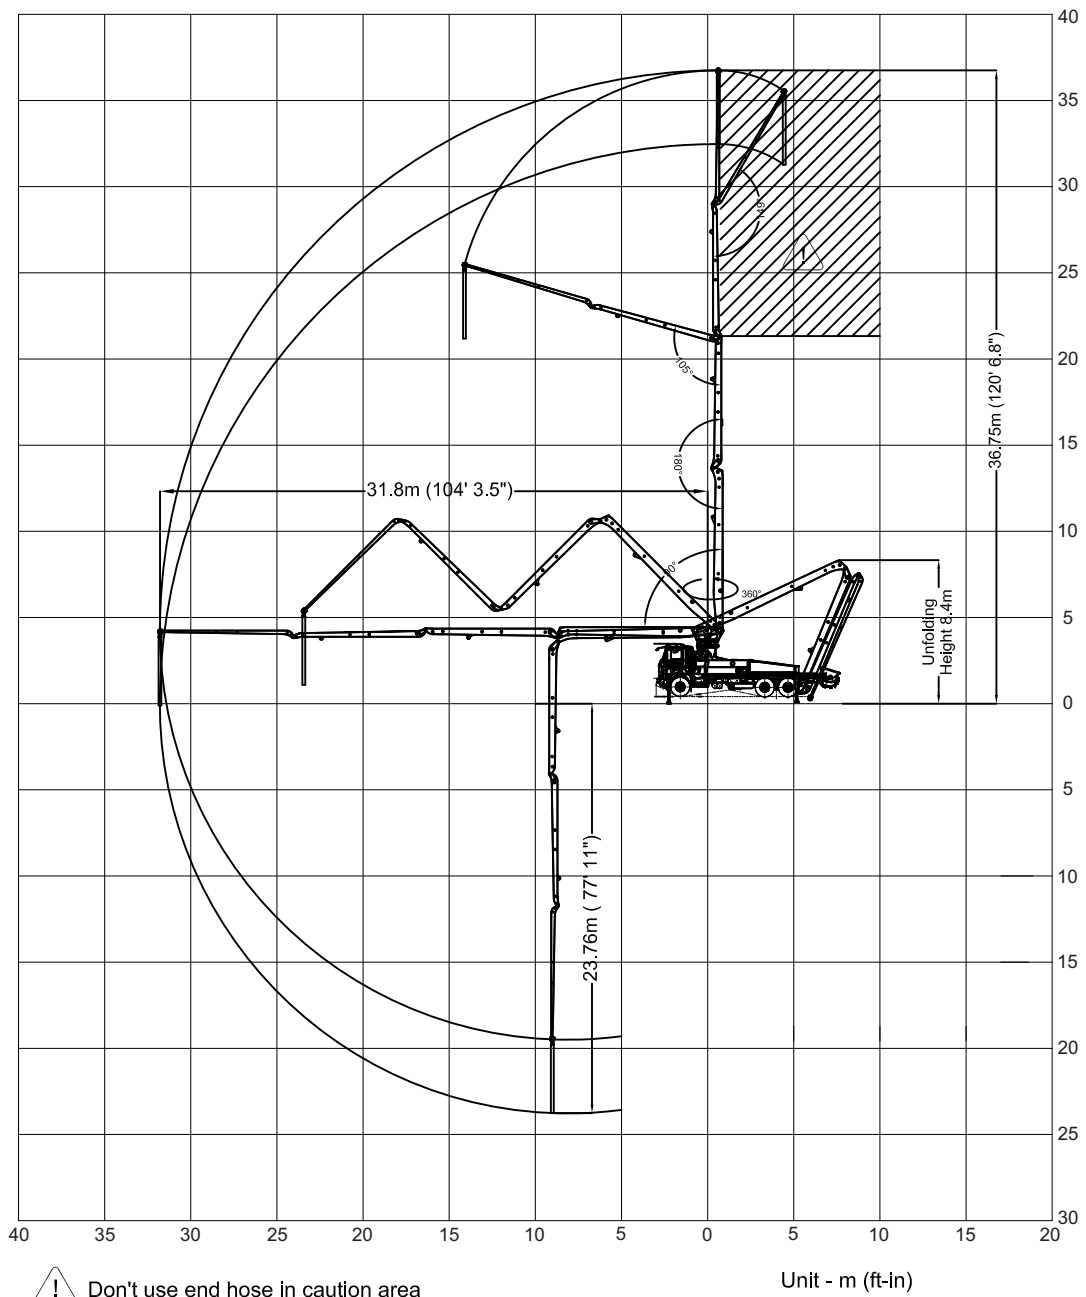

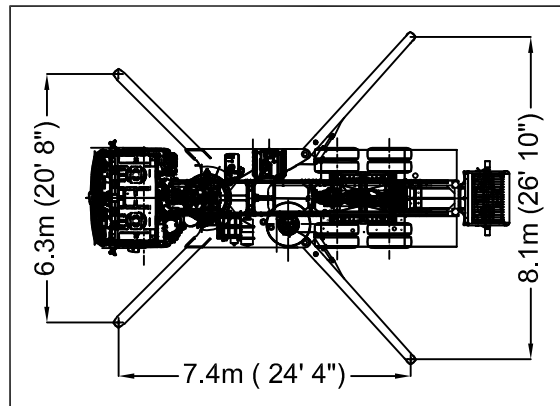

CONCRETE PUMP

Model Specification	Unit	37.09
Concrete Output Max. Theoretical	m ³ /hr	85/58
Concrete Pressure Max. Theoretical	Bar	54/80
No. of Strokes / Min	nos	25/17
Delivery Cylinder Diameter	mm	230
Piston Stroke Length	mm	1400
Hydraulic Transmission Ratio (Rod Side)		1:6.5/1:4.37
Easy Clean Hopper Capacity	Ltrs	600
Water Tank Capacity	Ltrs	205

Note: Performance of equipment is based on standard working conditions. Design / Specifications can be changed without prior notice

AQUARIUS GENUINE SPARE PARTS

At Aquarius, we strive to excel at and continuously improve our after-sales services and spare parts support. Aquarius is renowned for high-quality spare parts and highly responsive after-sales service. Fast turnaround time is our strength. We have an ERP-backed India-wide spare parts warehouse network, special spares stock for the Indian subcontinent market and an established spares support framework for other international customers.
